INTRODUCTION

In compliance with the provisions outlined in House Bill 588 from the 2023 Legislative Session, this quarterly report serves as a comprehensive overview of the performance and impact of key initiatives, notably the Mississippi Workforce Enhancement Training Fund (WET) and the Mississippi Works Fund. These reports aim to provide an interim assessment of the contributions made to the local and state economy, emphasizing value addition, fostering future economic growth, and advancing state objectives such as increasing the labor force participation rate. Furthermore, the report delves into the specifics of individual workforce training projects, offering insights into beneficiaries and associated progress and outcomes. Additionally, detailed information and timelines on the grants that will be awarded under the Mississippi K-12 Workforce Development Grant Program (known as EquipMS) are included, shedding light on the initiatives undertaken to modernize, replace, or enhance priority sector high school programs. Also included in this report is comprehensive data about the Career Coach Program funded through HB 1388 and data that outlines the Nurse Navigator Program at the community colleges. Additionally, ARPA-funded programs are included in this report such as Special Populations with Wrap around Services, Nurse Navigators program, Physician Residency and Fellowships, Nursing Allied Health programs, Health Science Infrastructure programs, and Direct Training programs. Through this quarterly report, we strive to provide a transparent and detailed account of the multifaceted efforts and achievements in pursuit of our workforce development goals as mandated by House Bill 588.

I. STATE-FUNDED PROGRAMS

WET FUNDS

WET funds, managed by AccelerateMS in coordination with the Mississippi Community College Board, prioritize benefiting existing businesses in Mississippi by offering training for employees and potential employees as identified by companies. These funds aim to enhance employee productivity in core and horizon industry sectors through college-led, industry-led, or special project programs. Community colleges receive WET funds through several mechanisms including: allocated funds for open-to-the-public training programs, allocated funds for incumbent worker training through workforce regular projects, and awarded funds through basic skills projects, estimated annually through FAST plans. Basic Skills projects, also referred to as Adult Education, aim to offer fundamental instruction in various areas such as reading, math, writing, language (including English as a Second Language), HSE preparation, Smart Start Pathway Course, ACT WorkKeys® Curriculum, and Assessments leading to a National Career Readiness Certificate (NCRC). The Mississippi Office of Workforce Development, in collaboration with the Mississippi Community College Board, approves training requests. Measurable increases in employee outputs or market value of skillsets are essential for evaluating productivity and are reported and analyzed on an annual basis looking back 5 years, beginning in 2022. WET funds support core sectors like Advanced Manufacturing, Agribusiness, Construction, Distribution, and Logistics, Forestry, Energy, Chemicals, Health Care, and Information Technology. Additionally, Horizon sectors such as Blue Economy, Renewable Energy, and National Corporate Headquarters are eligible for support. The emphasis is on strategic partnerships, measurable outcomes, and sustainability in advancing workforce training and productivity.

A notable change in 2023 allows K-12 participants in their final high school semester to join WET-funded programs, allowing another population to be reached to continue to expand the pipeline of trained workers much needed by Mississippi companies. To ensure sustainability, WET funds should be combined with private industry funds, participant fees, WIOA, and other relevant sources. Funding priority is given to projects with employer partners contributing matching funds, equipment, or in-kind donations. Each college, after completing the FAST plan, submits it to AccelerateMS for review.

Allocation amounts are determined based on request eligibility, priority, and available funding.

The tables in the report are organized by community college, presenting detailed information for each allocation. Each entry includes the program or course, the associated business, the training location, the estimated number of participants, the allocated funds, the reimbursed funds, the balance of allocation, percentage of allocation used, and number of participants trained to date as of 6/30/2024.

Additionally, funds are awarded through ‘special projects’ which serve needs identified by companies that are new, expanding, or different from existing program needs. Special projects (advanced technology) are another mechanism designated for triage and horizon projects to bolster the pipeline of qualified workers in each ecosystem. The overarching goal is to advance workforce training and upskilling in the state to meet demands identified by existing industry partners. Special projects within the context of workforce development involve training initiatives that go beyond existing WET guidelines. Priority is given to non-credit, short-term training programs that address specific needs identified by industry partners or AccelerateMS. To be eligible, projects must be data-driven, serve to enhance or increase training opportunities, and be anchored by industry needs. The approval process for special projects occurs quarterly through a committee within AccelerateMS, comprising AccelerateMS and MCCB staff. The focus is on prioritizing opportunities that offer above-median-wage prospects for the ecosystem, as identified by AccelerateMS. This ensures a strategic and responsive approach to workforce development in alignment with current industry needs.

AccelerateMS is currently supporting special projects in all 15 community colleges. The report contains tables delineated by the community college, detailing essential information entered by the community college for each special project. Each table specifies the special project’s name, partnering companies, total allocated funds, the reimbursed funds, balance of allocation, percentage of allocation used, and number of participants trained to date as of 6/30/2024. Special project awards may occur at different points during the year and possibly roll over so they may be at different points of delivery and training thus explaining why some institutions have spent money and others have not.

CAREER COACH PROGRAM

Table 31 provides a breakdown of Mississippi’s Career Coach Program 3rd Quarter Allocation of Funds. The sub-grant recipients, including CMPDD, Economic Development Authority of Jones County, SDPDD, SMPDD, TRPDD, and United Way of Jackson and George Counties, received varying amounts of total awards based on the identified need within the proposed service region. As of 6/30/2024, the total reimbursed funds are outlined for each recipient, along with the corresponding number of coaches supported by the allocated funds. In total, the allocation across all recipients amounts to \$11,995,445.80, with \$9,530,072.37 reimbursed to date, supporting a total of 173 coaches in 184 schools.

EQUIPMS GRANT

Table 32 shows the results of the 4th quarter of the EquipMS Grant Program. Established in 2023 through House Bill 588, this program aims to provide essential funding to public Mississippi secondary school districts, enhancing priority sector high school programs aligned with key industries such as Advanced Manufacturing, Agriculture, Energy, Healthcare, Information Technology, and Logistics & Construction. During Quarter 4, the EquipMS Grant successfully allocated a total of \$1,393,841.36 across 25 high school programs, strategically addressing critical needs in different sectors and geographical locations throughout the state. These funding allocations reflect our commitment to enhancing K-12 workforce development and meeting local industry demands.

MS WORKS FUNDS

Table 33 presents a comprehensive overview of MS Works funds for the fiscal year 2024, indicating a fund balance of \$16,449,725.16, with \$9,646,638.79 encumbered. The program, active since 2016, has collected \$41,047,901.53 and disbursed \$14,951,537.58 to date, reflecting its commitment to supporting workforce development initiatives and contributing to Mississippi's economic growth.

In the 4th quarter of FY 2024, **Table 34** shows how the MS Works program allocated funds to support workforce development initiatives across various industries in Mississippi. Notable grants were awarded to organizations like Skydweller Aero, Gloster Forest Products, Lockheed Martin, Mississippi State University-Advanced Composites Institute, and GE Aerospace. These grants, totaling \$1,587,257, aim to facilitate training programs, equipment acquisition, and workforce expansion, contributing to job creation and skills development in Hancock, Amite, Panola, and statewide.

Skydweller Aero received \$255,000 to support training for key Mississippi employees involved in unmanned aircraft development. Gloster Forest Products was granted \$765,850 to assist in specialized equipment and software vendor training for their new sawmill in Amite County. Lockheed Martin secured \$81,600 to train 30 new employees in Hancock County, while Mississippi State University-Advanced Composites Institute received \$443,507 to establish and operate the Mississippi Advanced Composites Training Center, benefitting various entities across the state. GE Aerospace was granted \$321,300 to support workforce growth and training initiatives in Panola County.

II. ARPA FUNDED PROGRAMS

SPECIFIC POPULATIONS WITH WRAP-AROUND SERVICES

Table 35 outlines the allocation of funds among various subrecipients for specific populations with wrap-around services. The subrecipients of the Specific Populations with Wrap-Around Services program include the Refill Jackson Initiative for workforce training, the Mississippi Military Department for the Youth Challenge Academy, the Mississippi Low-Income Child Care Initiative for employment equality for single moms, Midtown Partners for the Early Care Workforce Initiative, MDOC Works/MagCor for the HOPE Alliance, Goodwill Industries of Mississippi for the Workforce Training Program, Delta Health Alliance for the LEADS Initiative, and the Central MS Planning and Development District. The total amount awarded sums up to \$10,219,045.23, with \$5,137,054.19 already approved for payment.

NURSE NAVIGATOR

The purpose of this program is to hire professionals, or navigators, to provide individual assistance and guidance to students to assist them in many areas, from maneuvering challenges while enrolled in college programs and understanding the job market to working through course challenges, and helping retain and graduate nursing and allied health students, at community and junior colleges.

Table 36 shows the results of the 4th quarter of the Mississippi Nurse Navigator Program. A total of \$1,238,850.39 was allocated across 10 community colleges to support the Nurse Navigator role. The Navigators play a crucial role in assisting students in their nursing journey through college, offering intentional interventions, coaching, and support to enhance student achievement. As of June 30, 2024, \$910,830.48 has been reimbursed. The program aims to increase student persistence, success, and completion, with a focus on preparing students for the NCLEX-RN and NCLEX-PN Next-Gen exams to become licensed healthcare practitioners. The overall goal is to optimize the impact of allocated funds and ensure effective student support across Mississippi's community colleges in high-need occupations.

PHYSICIAN RESIDENCY & FELLOWSHIP START-UP

The Physician Residency & Fellowship Start-Up program has allocated funds to various subrecipients to facilitate medical training initiatives (see [Table 37](#)). Among these recipients are North Mississippi Medical Center, Mississippi Baptist Medical Center, Memorial Hospital at Gulfport, Delta Health System, and Baptist Memorial Hospital - DeSoto. Overall, the program has disbursed \$202,047.89 in approved payments, with \$165,038.17 outstanding, out of the total allocation of \$3,000,000.00, indicating progress in establishing physician training opportunities.

NURSING/ALLIED HEALTH PROGRAM

The Nursing/Allied Health program has allocated funds to numerous sub-recipients, including the University of Mississippi Medical Center, Singing River Health System, Pearl River Community College, Pafford Emergency Medical Services, Inc., Northwest Mississippi Community College, Mississippi University for Women, Mississippi State University, Mississippi Gulf Coast Community College, Mississippi Delta Community College, Meridian Community College, Jones County Junior College, Itawamba Community College, East Mississippi Community College and, East Central Community College, Coahoma Community College, Blue Mountain Christian University, and Baptist Health Sciences University (see [Table 38](#)). The total allocation of \$19,872,362.30 has seen \$2,398,302.79 approved for payment, with an outstanding balance of \$17,458,547.35.

HEALTH SCIENCE INFRASTRUCTURE PROGRAM

[Table 39](#) highlights the Health Science Infrastructure Program which awarded \$20,000,000.00 to William Carey University to enhance its healthcare facilities and infrastructure. Of this amount, \$2,888,937.65 has been approved for payment. Consequently, the total remaining balance stands at \$17,111,062.35, with the completion percentage currently at 14%. This investment underscores a commitment to bolstering the university's capacity to provide top-tier healthcare education and services, highlighting ongoing efforts to strengthen health science infrastructure within the state.

DIRECT TRAINING PROGRAM

The Direct Training program (see [Table 40](#)) has allocated funds to several subrecipients, all of which are institutions of higher learning or community colleges across Mississippi. These include the University of Southern Mississippi, Pearl River Community College, Northwest Mississippi Community College, Mississippi State University, Mississippi Gulf Coast Community College, Mississippi Delta Community College, Meridian Community College, Itawamba Community College, Holmes Community College, Hinds Community College, East Mississippi Community College, and East Central Community College. These institutions offer a diverse range of training programs, from uncrewed systems and logistics to healthcare and nursing. With a total allocation of \$20,970,006.04, a substantial portion, \$16,455,806.92, has been approved for payment, leaving an outstanding balance of \$4,499,913.05.

CAREER COACHING INITIATIVE

[Table 41](#) highlights money used to support the Career Coaching initiative. It was funded by the American Rescue Plan Act (ARPA) and included these subrecipients: Three Rivers PDD, Southern MS PDD, South Delta PDD, North Central PDD, Economic Development Authority of Jones County, and Central MS PDD. In total, \$7,998,502.00 was allocated, with a minimal outstanding balance of \$1,326,768.07, demonstrating substantial progress in utilizing ARPA funds to support career development initiatives statewide.

Table 34: MS Works 4th Quarter Allocation of Funds

FY2024 Grants		Grant Amount	Estimated Jobs Created and/or Individuals Being Trained	County	Applicant	Quarter Awarded
Skydweller Aero, Inc	Skydweller Aero is locating its flight test and aircraft modification operations to Hancock County, and will develop a new class of unmanned aircrafts. This grant will be used to support necessary training taking place at their facility in Spain for key Mississippi employees, and employees from Spain coming to Hancock County in order to integrate Mississippi mechanical and electrical technicians and flight operations staff into a well-established and experienced large persistent flight UAV team.	\$255,000	40	Hancock	SMPDD	Q2
Gloster Forest Products	Gloster Forest Products is opening a state of the art sawmill in Amite County, and this grant will assist with the specialized equipment and software vendor training that is needed for employees as they ramp up over the next 2 years.	\$765,850	126	Amite	CMPDD	Q2
Lockheed Martin	Lockheed Martin Corporation's Space Business Area will be hiring new employees due to expanded work and to increase Lockheed Martin Corporation's product delivery capabilities. This grant will be used to support necessary training for the 30 new employees they plan to hire over the next 3 years.	\$81,600	30	Hancock	SMPDD	Q2
Mississippi State University- Advanced Composite Institute	<p>This grant will support the establishment, growth, and operation of the Mississippi Advanced Composites (MAC) Training Center. Activities to be accomplished during this period include but are not limited to the following:</p> <ol style="list-style-type: none"> 1. Training curriculum development 2. Training equipment assessment, specification, and procurement 3. Training Current Industry Technicians (Aurora and NGC) 4. Training Current Industry Composite Engineers (Aurora and NGC) 5. High School/Jr. Technician Preparation Training 6. Long-term Experiential Training for High School Interns 7. Long-term Experiential Training for Engineering Interns 8. Short-term Experiential Training for Engineering Student Teams <p>Local entities/stakeholders served through these activities include but are not limited to the following:</p> <ol style="list-style-type: none"> 1. Aurora Flight Sciences 2. Northrop Grumman 3. East Mississippi Community College 4. Northeast Mississippi Community College 5. Mississippi State University 6. The University of Mississippi 7. Starkville Oktibbeha Consolidated School District 8. Columbus Municipal School District 9. Lowndes County School District 10. Starkville Academy 11. FY2024 Grants		Grant Amount	Estimated Jobs Created and/or Individuals Being Trained	County	Applicant	Quarter Awarded
GE Aerospace	GE Aerospace will use this grant to support the growth in our workforce due to increases in current demand as well as the introduction of brand-new work. The growth (both organic & new) is creating a need for training in the following areas: Knowledge transfer from current production sites to Batesville, NDT special process training, CMM training, technical training specific to equipment, technical training for facilities & maintenance. The funding will be used for necessary travel to their Asheville, NC plant and wages during training for existing employees and the 100 new employees they will be hiring over the next 5 years.	\$321,300	100 New and 15 Existing	Panola	SDPDD	Q1
CMPDD Step-Up	This grant, through Central MS Planning and Development District, will support, in coordination with high school and college Career Coaches, the recruitment and training of high school seniors for high-paying, in-demand pathways including mechatronics, electro-mechanical, electrical, mechanical drafting, lineman, logistics, diesel mechanics, and other high-skilled careers. Phase 1 consists of credentialing and non-credit training through Hinds and MSU-CAVSE, followed by summer internships. Phase 2 will provide further credentialing and training followed by industry-based apprenticeships. Students may then begin full-time employment or continue their education (ex. 2 year degree or 4 year degree) prior to beginning full-time employment. This grant only applies to Phase 1.	\$882,071	80	Hinds, Madison, Rankin	CMPDD	Q3
Advanced Turbine Training	This grant will assist with preparing ag pilot students to be industry ready in the basics of ag operations. This training involves moving from a piston aircraft to a turbine engine aircraft, which is becoming standard for the industry in the Air Tractor 802A. This aircraft is also used in fire fighting, timber operations and is now being outfitted for military operations. Students with this training are now insurable for reduced premiums in the ag business.	\$1,250,974	33	DWFA	SDPDD	Q3
ACI Building Systems	ACI Building Systems is expanding and plans to add 44 new jobs. This grant will provide training to new and existing employees on the new facility-wide state of the art equipment. It will also support third-party training needed on new processes, lean manufacturing and a transition to new operation systems for accounting, inventory control, purchasing, scheduling with all divisions.	\$210,000	44 New and 38 Existing	Panola	SDPDD	Q3
